

2023 OGMA Awards for Excellence

After a two year hiatus, the Board of Directors of the Ontario Glass and Metal Association is pleased to announce that nominations are now being received for the 2023 Awards for Excellence. *There are two awards*, one for **Excellence in Architectural Glass & Metal Design** and one for **Excellence in Architectural Glass & Metal Execution**.

Description of Awards

The Awards for Excellence are annual awards that recognize excellence in the design and execution of a building that incorporates the use of architectural glass and metal. One award will be presented in each category (DESIGN and EXECUTION).

The awards competition opens in January of each year (pandemic years excepted). Any member of the OGMA in good standing may submit as many nominations as they wish. Projects nominated will be reviewed by our volunteer panel of judges.

Submissions for nominations must include a minimum of 10 photographs of the nominated project and a comprehensive description of between 200 and 500 words. Submissions should be sent in digital format, accompanied by high resolution, print-quality photos.

Award Criteria

The following criteria must be met in order for a project to be considered in either category:

- Nominations must be made on the official nomination form, which must be completely filled out.
- The project must be located within the Province of Ontario.
- For the Award of Excellence in Design, the project architect must be registered with the OAA.
- For the Award of Excellence in Execution, the glazing contractor must be a member in good standing of the OGMA as of January 1, 2023.
- The project may be currently under construction or have been completed within the last five years.
- Nominations must be made by a member in good standing of the OGMA as of January 1, 2023.
- Members are not restricted in the number of nominations submitted.
- Preferred projects will incorporate glazing systems or primary components from North American manufacturers.
- Projects nominated need not be large; nominations can be made for portions of a project.

Judging of the Awards

Nominations will be judged upon:

- Unique, pleasing or complex design or features.
- Level of difficulty in design.
- Level of difficulty in execution and the quality of fabrication and installation, as indicated in the photos provided.
- Incorporation of elements of sustainable design.

Award Timelines

Deadline for receipt of submissions is March 31, 2023.

The architectural firm and glazing contractor selected to receive an award will be notified on April 12, 2023.

The awards will be presented at the Top Glass Conference in Mississauga, Ontario on April 19, 2023. Award recipients are encouraged to attend the show to receive their award and to present the highlights of the winning nominations to show attendees.
